

Scientific Writing and Publishing Research Part II

3-4 February 2011

teacher: Dr. Dorothea Sommerfeldt
location: Johannisallee 29,
3th February 2011: room 101
4th February 2011: room 126

This workshop is a sequel to courses previously held on
Writing and Publishing Research.

This workshop will include

more on the "perfection" of your writing skills

more on how to make your text more fluent (paragraphing, coherence, transitions, emphasis)

more on the specific parts of a paper (title, introduction, materials and methods, results, discussion), with more extensive practical sessions on the introduction and discussion

The workshop will run for two days, each from 10 am to 5 pm.

It especially addresses PhD students, who are in the process of publishing their own work, and who are non-native English speakers.

Participants are required to have attended the first part of this course.
