

Scientific Writing and Publishing Research Part II

1-2 October 2012

teacher: Dr. Dorothea Sommerfeldt
location: Johannisallee 29, Leipzig, room 115

This workshop is a sequel to courses previously held on
Writing and Publishing Research

This workshop will include

- more** on the “perfection” of your writing skills
- more** on how to make your text more fluent (paragraphing, coherence, transitions, emphasis)
- more** on the specific parts of a paper (title, introduction, materials and methods, results, discussion), with more extensive practical sessions on the introduction and discussion

The workshop will run for two days, each from 10 am to 5 pm.
It especially addresses PhD students, who are in the process of publishing their own work, and who are non-native English speakers.

Participants are required to have attended the first part of this course.
