

## **Scientific Writing and Publishing Research Part I**

**17-18 June 2010**

teacher: Dr. Dorothea Sommerfeldt  
location: Johannisallee 29, room: 115 (17<sup>th</sup>) / time: 10:00-17:00  
Johannisallee 29, room: 102 (18<sup>th</sup>) / time: 10:00-16:00

### This workshop aims to:

- built up and enhance your English speaking and writing skills, accordingly this course will be held entirely in English,
- to run through a morning session of practical English writing skills (common pitfalls, grammar, punctuation, abbreviations) and how to achieve good writing (accuracy, brevity, clarity and style),
- help you in gaining practice and confidence in actually organising yourself and getting first words onto paper, using pieces of your own writing (redraft and work on the abstract as an example),
- demonstrate the process of publication, targeting your writing for a specific journal, addressing the cover letter.
